- Acquired hands-on experience in web development, mastering essential technologies such as HTML, CSS, Bootstrap, and JavaScript.
- [CERTIFICATE](#)

GRAPHIC DESIGN LEAD of Google developers student club- SITRC 2022-23

- As the Graphic Design Lead for the Google Developers Student Club at SITRC, I spearheaded the visual identity and creative direction of the club. My responsibilities included conceptualizing and producing engaging designs for promotional materials, event banners, social media content, and various marketing collateral.

## Projects

### [CYBERSECURITY WEBSITE ON WIX](#)

- Designed and developed a comprehensive cybersecurity-focused website using the Wix platform. The primary objective was to create an accessible online resource for individuals interested in understanding and implementing cybersecurity best practices. The website featured a user-friendly interface and a range of informative content to cater to both beginners and seasoned enthusiasts.

## Skills

- **LANGUAGES** : Java, Python, basic DSA
- **WEB-DEVELOPMENT** : HTML5, CSS, Bootstrap, Javascript, React
- **DATABASES** : MySQL, PostgreSQL
- **TOOLS** : Canva
